Objectives and Investment Policy

This Sub-Fund is passively managed.

The objective of this Sub-Fund is to track the performance of Solactive GBS Global Markets Large & Mid Cap USD Index NTR (the "Index"), and to minimize the tracking error between the net asset value of the Sub-Fund and the performance of the Index. The anticipated level of the tracking error, under normal market conditions, is indicated in the prospectus of the Sub-Fund.

The Index is a Net Total Return Index : dividends net of tax paid by the index constituents are included in the Index return.

Solactive GBS Global Markets Large & Mid Cap USD Index is an equity index, part of the Solactive global benchmark series ("GSB") which includes benchmark indices for developed and emerging market countries.

More information about the composition of the Index and its operating rules are available in the prospectus and at: solactive.de

The Index value is available via Bloomberg (SGMLCUN).

The exposure to the Index will be achieved through a Direct Replication, mainly by making direct investments in transferable securities and/or other eligible assets representing the Index constituents in a proportion extremely close to their proportion in the Index.

The Investment Manager will be able to use derivatives in order to deal with inflows and outflows and which relate to the Index or constituents of the Index for investment and/or efficient portfolio management. In order to generate additional income to offset its costs, the Sub-Fund may also enter into securities lending operations.

Dividend Policy : the distribution share pays dividends annually.

The minimum recommended holding term is 5 Years.

The Sub-Fund's shares are listed and traded on one or more stock exchanges. In normal circumstances, you may deal in shares during the trading hours of the stock exchanges, provided that the Market Makers can maintain market liquidity. Only authorised participants (e.g. selected financial institutions) may deal in shares directly with the Sub-Fund on the primary market. Further details are provided in the prospectus of the ICAV.
