ISIN: LU1230136894 - A sub-fund of the investment company named Lyxor Index Fund (the "Company") domiciled in Luxembourg. Managed by Amundi Asset Management, a subsidiary of Amundi Group

Objectives and investment policy

The Fund is an active UCITS.

The investment objective of the Fund is to generate a return linked to money market rates.

The Fund is benchmarked with the SONIA compounded rate (Benchmark Index). The Fund is actively managed by investing in a diversified portfolio of financial instruments within a strict risk and liquidity control environment. The majority of the Funds investment or exposure are linked to the Benchmark Index. The Funds investment strategy is linked to the Benchmark Index, any deviation from the Benchmark Index is limited.

The SONIA (Sterling Over Night Index Average) rate is an effective overnight interest rate computed as a weighted average of all overnight unsecured lending transactions in the interbank market in Pounds. Sonia reference rates are calculated by the Bank of England, based on all overnight interbank assets created before the close of RTGS systems at 6pm CET, and published through Thomson Reuters every day before 7pm CET.

The daily compounded SONIA integrates the impact of the reinvestment of the interests perceived under the OIS (Overnight Indexed Swap) methodology.

The Sub-Fund does not benefit from any implicit or explicit guarantee, neither from a swap counterparty (Société Générale) nor from any entity acting as distributor of the Sub-Fund.

The SONIA reference rate may be negative, which could result in a negative performance of the Fund.
