Amundi Core MSCI Emerging Markets Swap UCITS ETF Dist A Sub-Fund of the SICAV MULTI UNITS LUXEMBOURG

ISIN code: (D) LU2573966905

Managed by Amundi Luxembourg SA, a subsidiary of Amundi Group

Objectives and Investment Policy

The Sub-Fund is an index-tracking UCITS passively managed.

The investment objective of the Sub-Fund is to track both the upward and the downward evolution of the MSCI Emerging Markets Net Total Return Index (the "Benchmark Index") denominated in USD, while minimizing the volatility of the difference between the return of the Sub-Fund and the return of the Benchmark Index (the "Tracking Error"). The anticipated level of Tracking Error in normal market conditions is indicated in the prospectus.

The Benchmark Index is representative of the performance of large and mid-cap companies across emerging markets, MSCI's website (www.msci.com) contains more detailed information about the MSCI indexes.

The Benchmark Index is a net total return index. A net total return index calculates the performance of the Benchmark Index constituents on the basis that any dividends or distributions are included in the Benchmark Index returns after withholding tax retention.

The Sub-Fund seeks to achieve its investment objective via indirect replication by entering into an over-the-counter swap contract (financial derivative instrument, the "FDI"). The Sub-Fund may also invest in a diversified portfolio of emerging markets equities, whose performance will be exchanged against the performance of the Benchmark Index via the FDI.

Updated composition of the Sub-Fund holdings is available on www.amundielf.com.

In addition, the indicative net asset value is published on the Reuters and Bloomberg pages of the Fund, and might also be mentioned on the website of the stock exchanges where the Sub-Fund is listed.

The share currency is the US Dollar (USD).

Dividend Policy : the Sub-Fund's amounts available for distribution (if any) will be distributed annually.

The minimum recommended holding term is 5 years.

The Sub-Fund's shares are listed and traded on one or more stock exchanges. In normal circumstances, you may deal in shares during the trading hours of the stock exchanges, provided that the Market Makers can maintain market liquidity. Only authorised participants (e.g. selected financial institutions) may deal in shares directly with the Sub-Fund on the primary market. Further details are provided in the prospectus of the UCITS.
